Dear Ms. Pearlman:

The Planning Commission portion of your application was reviewed by the Aurora Planning Commission at a study session on November 10, 2021. The table below shows the results of the Planning Commission's actions.

Case Number	Planning Commission Application	City Council Review Required?	Planning Commission Conditions
2005-6060-01	Advisory Site Plan	No	Proceed with Advisory Review Process

Per the Public School Development Process Agreement (Agreement), Planning Commission may review the proposal and city staff’s review comments. Following the review and discussion, the Planning Commission did not request a meeting with the Board of Education to discuss the proposal. Therefore, the application may proceed with the civil plan drawing submittal and review required in Subsection C of the Agreement.

Following the approval of the civil plan submittal and review, please submit a final site plan submittal to the city staff for record keeping purposes.
