**Description of Modifications:****Tower Modifications:**

T-Mobile is proposing to install three new sectors mounts on the existing tower at 130 feet. Each sector will contain one antenna, one RRU for a total of three antennas and RRUs. T-Mobile will also be adding two COVP or junction box to the tower at 130 feet.

**Equipment Compound Modifications**

T-Mobile is proposing to add one 10'x 12' equipment platform inside a 10'x 15' lease area at the base of the existing tower. The platform will contain three equipment cabinets and one H-Frame with equipment mounted on the H-Fram.

The compound and tower is owned by American Tower Corp. and T-Mobile is leasing space in the compound and the tower for their equipment. T-Mobile will use existing access to the compound.

Please see the site plans for more details on the proposed modifications. If any more information is needed to process this application let me know.

Sincerely,

*Perry Carroll*
