RE: PLAT - 1833484 - ASPEN SOUTH LATERAL - SITE PLAN AMENDMENT #15 CONNECTS

Our engineer has reviewed this plat and their comments are: Lumen has RESERVATIONS of utilities east of Monahan from 48th to 56th. If developer has any digging, they need to do locates (811) and let Lumen know if any issues.

See in yellow. BLUE are Fiber lines If you require signatures or have any further questions, please contact the engineer at Dennis.Odell@lumen.com to schedule.

Thank you!
