

Aurora Fire Station Fencing Project

City Project No: R-2287

Minor Site Plan Amendment – Letter of Introduction

Aurora Fire Station #8
250 S. Chambers Rd.
Aurora, CO 80017

February 23, 2024

To: City of Aurora Planning & Developmental Services

The Fire Station #8 site plan is being modified by adding a new section of 6 ft. tall ornamental metal security fence to enclose the parking lot. An automatic vehicular gate, gate operator, and access control hardware will provide secure entrance to the parking lot for personal vehicles. The vehicle gate is a cantilever sliding type designed to comply with ASTM F2200, and the gate operator is UL 325 listed. Minor landscaping and concrete work will be done around the fence and gate location.

A record site plan does not exist for Fire Station #8. The submittal drawings for this Minor Site Plan Amendment include a civil site plan, landscape plan, and detail sheets.

Please let me know if you have any questions or need additional information for this application.

Thank you!
