Re: Technical Corrections Review: Skydance Neighborhood 1 – Site Plan and Replat
Application Number: DA-2283-03
Case Numbers: 2023-4024-00; 2023-3060-00

Dear Megan Waldschmidt:

Thank you for your second technical corrections submittal, which we received on November 12, 2024. We have reviewed your plans and attached our comments along with this cover letter.

Another formal submittal is not required, but all Land Development Review comments must be addressed and the Infrastructure Site Plans adjacent to the site must be approved and recorded prior to the subject Site Plan and Plat being recorded.

Note that all our comments are numbered. When you resubmit, include a cover letter specifically responding to each item. The Planning Department reserves the right to reject any resubmissions that fail to address these items. If you have made any other changes to your documents other than those requested, be sure to also specifically list them in your letter.

As always, if you have any comments or concerns, please give me a call. I may be reached at 303-739-7857.

Sincerely,

Sarah Wile, AICP

Technical Corrections Review

1. Planning (Sarah Wile / 303-739-7857 / swile@auroragov.org / Comments in teal)

- 1A. Please note that the Skydance Phase 1 and 2 Infrastructure Site Plans must be finalized and recorded prior to this Site Plan being recorded because it is reliant on those ISPs for access and infrastructure. Please continue working through technical reviews on those ISPs before submitting documents for recording.
- 1B. When the ISPs are complete, the Site Plan and Plat can be recorded after all Land Development Review comments are addressed. The Plat can be electronically recorded per the attached Subdivision Plat checklist. Please refer to the attached Site Plan checklist to determine if the Site Plan is eligible for electronic recording.

2. Land Development Review (Maurice Brooks / 303-739-7294 / mbrooks@auroragov.org / Comments in magenta)

- 2A. Fill in all of the blanks on the Site Plan and Plat.
- 2B. Sometimes the margins or scale factor may not match the county or city standards as stated in the Subdivision Plat Checklist. If any of these factors are misaligned or the scale does not match the drawing information, then this may cause the Plat to be sent back and corrected and thus adding time to your submittal. Please check this before sending the Plat in for recording.
- 2C. Send in the updated Title Commitment to be dated within 30 calendar days of the Plat approval date. This Commitment should be submitted at the time of your final submittal of the electronic Plat for recording.
- 2D. Send in the Certificate of Taxes Due to show they are paid in full up to and through the Plat approval date of recording. This can be obtained from the County Treasurer's office. This Certificate of Taxes should be submitted at the time of your final submittal of the electronic Plat for recording.
