Re: Second Submission Review – Potomac Campus Housing Aurora Housing Authority – Site Plan
Application Number: **DA-2322-02**
Case Numbers: **2023-4013-00**

Dear Ms. Ashley-Oehm:

Thank you for your second submission, which we started to process on August 31, 2023. We have reviewed your plans and attached our comments along with this cover letter. The first section of our review highlights our major comments. The following sections contain more specific comments, including those received from other city departments and community members.

Since several important issues remain, you will need to make another submission. Please revise your previous work and send us a new submission by October 11, 2023. ***The next submittal may not be made unless and until the easement dedication process with Land Development Services process has begun.***

Note that all our comments are numbered. When you resubmit, include a cover letter specifically responding to each item. The Planning Department reserves the right to reject any resubmissions that fail to address these items. If you have made any other changes to your documents other than those requested, be sure to also list them specifically in your letter.

As always, if you have any comments or concerns, please let me know. I may be reached at 303-739-7450 or efuselier@auroragov.org.

Sincerely,

Liz Fuselier, Planner II
