To: City of Aurora Planning & Developmental Services

The Police District #1 site plan is being modified by adding new sections of 6 ft. tall ornamental metal security fence to connect to the existing fence and enclose the north side of the site. Sections of the existing fence will be removed and relocated to the new fence line, including two pedestrian gates. Existing access control hardware will be relocated to the new pedestrian gate locations to provide secure entry. New fencing will be added to the east parking lot to enclose additional gravel parking spaces in the impound lot. Minor landscaping and concrete work will be done around the fence and gate locations.

The Police District #1 record site plan sheets have been updated with redlines to reflect the new work, and additional civil, landscape, and detail sheets are included in the submittal.

Please let me know if you have any questions or need additional information for this application.

Thank you!
