**Re: Technical Submission Review:** Aurora Regional Navigation Campus – Site Plan and Replat  
**Application Number:** DA-2400-00  
**Case Number:** 2024-6053-00; 2024-3062-00

Dear Elly Watson:

Thank you for your technical corrections submission, which we received on March 31, 2025. The review letter contains comments from all city departments and outside agencies.

Another formal submittal is not required, but all Planning, Landscape, and Land Development Review comments must be addressed prior to the subject Site Plan and Plat being recorded.

Projects that have gone one year without submission will be considered inactive and require a 25% restart fee to be reactivated. After 18 months of inactivity, projects that are not reactivated will be closed and retired.

As always, if you have any comments or concerns, please give me a call. I may be reached at 303-739-7857.

Sincerely,

Sarah Wile, AICP

## Technical Submission Review

### **1. Planning** (Sarah Wile / 303-739-7857 / [swile@auroragov.org](mailto:swile@auroragov.org) / Comments in teal)

- 1A. On Sheet 5, add a reference to Sheet 27 regarding the wayfinding signage details.
- 1B. When the requested changes have been made to the Site Plan and Plat, they can proceed with recordation. The Plat can be electronically recorded per the attached Subdivision Plat checklist. Please refer to the attached Site Plan checklist to determine if the Site Plan is eligible for electronic recording, or if physical mylars will need to be submitted.

### **2. Landscaping** (Kelly Bish / 303-739-7189 / [kbish@auroragov.org](mailto:kbish@auroragov.org) / Comments in bright teal)

- 2A. Trees / shrubs are not permitted to be planted in crusher fines. Please choose an alternative ground cover material for the outdoor staff area. Coordinate directly with Kelly Bish to determine what is acceptable.

### **3. Land Development** (Maurice Brooks / 303-739-7294 / [mbrooks@auroragov.org](mailto:mbrooks@auroragov.org) / Comments in magenta)

- 3A. Remove the new covenant language pertaining to easements on the Cover Sheet of the Plat. This isn't needed since only corridors are being dedicated and the city owns the property.
- 3B. Add the reception numbers to the existing easements where requested.
- 3C. When the requested updates have been made to the Plat, it can be signed and recorded.
