Re: Technical Submission Review: King's Crossing – Site Plan with Adjustments and Replat
Application Number: DA-1708-08
Case Numbers: 2024-4005-00; 2024-3005-00

Dear Ms. Klein:

Thank you for your third submission, which we started to process on September 27, 2024. We have reviewed your plans and attached our comments and cover letter. The first section of our review highlights our major comments. The following sections contain more specific comments, including those received from other city departments and community members.

Since important issues remain, you will need to make a technical submission on or before November 12, 2024. The application will continue to undergo technical review until there are no further outstanding comments. Note that all our comments are numbered. When you resubmit, include a cover letter specifically responding to each item. The Planning Department reserves the right to reject any resubmissions that fail to address these items. If you have made any other changes to your documents other than those requested, be sure to also specifically list them in your letter.

As always, if you have any comments or concerns, please let me know. I may be reached at 303-739-7259 or amuca@auroragov.org.

Sincerely,

A handwritten signature in cursive script, appearing to read "Ariana Muca".

Technical Submission Review

SUMMARY OF KEY COMMENTS FROM ALL DEPARTMENTS

- Continue to work through the traffic letter comments. There are still concerns regarding the northbound movement (Traffic).
- Easement and License Agreement Process (Land Development Services)(Utilities).
- Tree mitigation and school fees

PLANNING DEPARTMENT COMMENTS

1. Completeness and Clarity of the Application

1A. No further comments.

2. Architectural and Urban Design Comments

2A. Advisory comment: the application has not provided any site signage. Monument signage, depending on the location, can trigger a minor amendment. A minor amendment is an administrative process that runs 6-8weeks. Providing a location and design for the monument sign in the current site plan would avoid a need for an amendment process in the future.

3. Landscaping Issues (Tammy Cook / / 954-266-6488 / tdcook@Auroragov.org / Comments in teal)

3A. No further comments.

4. Addressing (Phil Turner / 303-739-7357 / pturner@auroragov.org)
