Re: Technical Submission Review – MAA Abilene Multi-Family - Site Plan
Application Number: **DA-2292-00**
Case Numbers: **2021-4029-00**

Dear Mr. French:

Thank you for your third technical submission, which we started to process on Wednesday, April 6, 2022. We have reviewed your plans and attached our comments along with this cover letter. The first section of our review highlights our major comments. The following sections contain more specific comments, including those received from other city departments and community members.

Another technical submittal is required to address the remaining issues on the Site Plan. The site plan issues are minor, but some larger outstanding items are outstanding. These items can be dealt with by individual departments such as Real Property, Public Works, Public Art, and Forestry. The site plan cannot be recorded till all fees are paid. The date to resubmit is a loose suggestion. A recommendation to complete the outstanding items before the next resubmittal as I expect you will be moving to recordation. Please address all comments in the review letter and resubmit the document before or on Friday, August 9, 2022. Once all remaining issues have been resolved, final mylars can be submitted.

Note that all our comments are numbered. When you resubmit, include a cover letter specifically responding to each item. The Planning Department reserves the right to reject any resubmissions that fail to address these items. If you have made any other changes to your documents other than those requested, be sure to also specifically list them in your letter.

As always, if you have any comments or concerns, please let me know. I may be reached at (303) 739-7259 or amuca@auroragov.org.

Sincerely,

Ariana Muca, PLA
Planner I
