Re: Third Submission Review: MFH Environmental
Case Numbers: 2022-6002-02

Dear Adam Yee:

Thank you for your third submission, which we started to process on September 06, 2024. We have reviewed your plans and attached our comments along with this cover letter.

Since several important issues remain, you will need to make another submission. Please revise your previous work and send us a new submission.

Note that all our comments are numbered. When you resubmit, include a cover letter specifically responding to each item. The Planning Department reserves the right to reject any resubmissions that fail to address these items. If you have made any other changes to your documents other than those requested, be sure to also specifically list them in your letter.

Sincerely,

A handwritten signature in cursive script, appearing to read "Rachid Rabbaa".

Rachid Rabbaa,
