Project: Texas Roadhouse - Aurora CO  
Re: Letter of Introduction – Pedestrian Safety  
Changes  
Project #: 20200123

Ariana,

Please accept this summary as description of changes to the approved site plan package. We are proposing to add a striped crosswalk with associated signage to bring attention to vehicular traffic entering the development. This change is reflected on the site plan, landscape plan and tree mitigation plans. Sign details can be found on the site plan. Should you have any questions or require additional information, please contact me at [mkolman@greenbergfarrow.com](mailto:mkolman@greenbergfarrow.com) or 708-705-3980.

Sincerely,

Marisa Kolman  
Development Manager
