Comment: Letter Attached

Public Service Company of Colorado's (PSCo) Right of Way & Permits Referral Desk has reviewed the site plan for Lussing Trust North Lateral. Please be aware PSCo owns and operates existing both overhead and underground electric distribution facilities along Monaghan Road. Bear in mind that per OSHA standards, a minimum 10-foot radial clearance must be maintained at all times from all overhead electric facilities including, but not limited to, construction activities and permanent structures.

Note that proper clearances must be maintained including ground cover over buried facilities that

should not be modified from original depths. In other words, if the original cover is changed (by less or more), PSCo facilities must be raised or lowered to accommodate that change. Contact Colorado 811 for locates before excavating. Use caution and hand dig when excavating within 18-inches of each side of the marked facilities. Please be aware that all risk and responsibility for this request are unilaterally that of the Applicant/Requestor.

Response: Acknowledged.

Name: Terri Maulik
Organization: Arapahoe County Planning Department
Address: 6924 S. Lima St. Centennial, CO 80112
Email: (referrals@arapahoegov.com)

Comment: Received Text via Portal

Thank you for the opportunity to review and comment on this project. The Arapahoe County Planning Division Has no comments; however, other departments and/or divisions may submit comments

Response: Acknowledged.

- Name: Dennis O'Dell
Organization: Lumen Plat Review,
Address: 5325 Zuni St Denver CO 80221
Email: (dennis.odell@lumen.com)

Comment: Letter Attached

Our engineer has reviewed this plat, and their comments are: "Lumen has RESERVATIONS. If developer has any digging, they need to do locates (811) and let Lumen know if any issues. See in

yellow. BLUE are Fiber lines. Developer will call out Locates (811) before digging and developing land. If any utilities need to be adjusted, Developer will be responsible for billing and relocation."

Response: Acknowledged. Crestone Peak will perform locates as needed within the marked area.

4. License Agreement/Assignment Transfer

Land Review Services Has requested copies of DJ South Gathering System assignment and associated midstream transfer agreement to Crestone Peak Resources Midstream, lateral road crossing licenses. Land Review Services Review will make changes once documents are submitted.

Response: Acknowledged.

If you have any additional questions, please do not hesitate to contact me directly at 720.249.3539.

Sincerely,

Westwood Professional Services, Inc.
