Re: Initial Submission Review – North Jackson Gap Street – Street Vacation
Application Number: **DA-1903-36**
Case Numbers: **2023-8004-00**

Dear Mr. Wichterman:

Thank you for your initial submission, which we started to process on August 28, 2023. We have reviewed your plans and attached our comments along with this cover letter. The first section of our review highlights our major comments. The following sections contain more specific comments, including those received from other city departments and community members.

Since several important issues remain, you will need to make another submission. Please revise your previous work and send us a new submission on or before October 9, 2023.

Note that all our comments are numbered. When you resubmit, include a cover letter specifically responding to each item. The Planning Department reserves the right to reject any resubmissions that fail to address these items. If you have made any other changes to your documents other than those requested, be sure to also list them specifically in your letter.

The estimated City Council hearing date will be set after the next review. Please remember that all abutter notices for public hearings must be sent and the site notices must be posted at least 10 days prior to the hearing date. These notifications are your responsibility, and the lack of proper notification will cause the public hearing date to be postponed. It is important that you obtain an updated list of adjacent property owners from the county before the notices are sent out. Take all necessary steps to ensure an accurate list is obtained.

As always, if you have any comments or concerns, please let me know. I may be reached at 303-739-7450 or efuselier@auroragov.org.

Sincerely,

Liz Fuselier, Planner II

Re: North Jackson Gap Street - Street Vacation, Case # DA-1903-36

Public Service Company of Colorado's (PSCo) Right of Way & Permits Referral Desk has determined **there is a conflict** with the above captioned project. Prior to completion of the vacation, some easements will need to be acquired for existing electric and natural gas distribution facilities.

If this cannot be accomplished via plat, the property owner/developer/contractor must work with LaChelle Harris-Coffey, Right of Way Agent at lachelle.r.harris-coffey@xcelenergy.com, to acquire easements by separate PSCo document.
