**Re: Technical Submission Review – Eagle Ridge Signage Site Plan**  
Application Number: **DA-2338-02**  
Case Numbers: 2023-6061-00

Dear Mr. Beck:

Thank you for your technical submission, which we started to process on Tuesday, May 7, 2024. We have reviewed your plans and attached our comments along with this cover letter. The first section of our review highlights our major comments. The following sections contain more specific comments, including those received from other city departments and community members.

Since outstanding issues remain with both Traffic and Public Works, you will need to make another submission. Please revise your previous work and send us a new submission on or before June 21, 2024. Please email your case manager following the upload. Note that all our comments are numbered. When you resubmit, include a cover letter specifically responding to each item. The Planning Department reserves the right to reject any resubmissions that fail to address these items. If you have made any other changes to your documents other than those requested, be sure to also specifically list them in your letter.

As always, if you have any comments or concerns, please let me know. I may be reached at (303) 739-7259 or [amuca@auroragov.org](mailto:amuca@auroragov.org).

Sincerely,

Ariana Muca, PLA

### REFERRAL COMMENTS FROM OTHER DEPARTMENTS AND AGENCIES

#### 4. Civil Engineering (Hanagami, Kendra / (303) 739-7295 / [khanagam@auroragov.org](mailto:khanagam@auroragov.org)

*Site Plan*

*2 and 3 of 4*

4A. Repeat Comment: Please label the sidewalk easement here. At this location on the in process ISP RSN 1729299, I am showing a 10.5' wide sidewalk easement and a 10' US West Easement - please verify the easement label and width here.

#### 5. Traffic Engineering (Dean Kaiser / (303) 739-7584 / [djkaiser@auroragov.org](mailto:djkaiser@auroragov.org) / Comments in amber)

*Site Plan*

*2 and 3 of 4*

- 5A. This point-of-sight triangle intersection has moved since the previous review. Need roadway curb lines associated with the FULL MOVEMENT ACCESS location to determine the correct location of this intersection point. Please see the site plan for location.
- 5B. Intersection sight triangle only has to be located at the stop bar, stop sign of 15' back from the roadway flowline. Sign looks to comply with triangle clearance anyway.
- 5C. What about this triangle from SDH looking south along Picadilly? Need to see this for visibility around the sign.
- 5D. This is extremely close, relocate sign a min. 5' from sight triangle. Please see site plan for location of sign in question.
- 5E. Provide full view of sight triangle point.
- 5F. Stop sign location, relocate sight triangles point adjacent.

#### 6. Utilities (Daniel Pershing / 303-739-7646 / [ddpershi@auroragov.org](mailto:ddpershi@auroragov.org) / Comments in red)

6A. No further comments.

#### 7. Land Development Services (Maurice Brooks / 303-739-7294 / [mbrooks@auroragov.org](mailto:mbrooks@auroragov.org) / Comments in magenta)

7A. No further comments.
