Re: Aspen 3-65 15-14 South, Case # DA-2394-00

Public Service Company of Colorado's (PSCo) Right of Way & Permits Referral Desk has reviewed the site plan for **Aspen 3-65 15-14 South**. The property owner/developer/contractor must complete the application process for any new electric service via xcelenergy.com/InstallAndConnect. It is then the responsibility of the developer to contact the Designer assigned to the project for approval of design details.

Additional easements *will* need to be acquired by separate document for new facilities (i.e. transformer) – be sure to have the Designer contact a Right-of-Way Agent.

As a safety precaution, PSCo would like to remind the developer to contact Colorado 811 for utility locates prior to construction.

Donna George
Right of Way and Permits
Public Service Company of Colorado dba Xcel Energy
Office: 303-571-3306 – Email: donna.l.george@xcelenergy.com

Response: We will contact Xcel when facility power is being brought to the location, and will be sure to call in 811 locates prior to operation at the Aspen 3-65 15-14 site.
