**Approval Criteria for
Subdivision Plat
Section 147-12(e)(1 thru 6)**

The Subdivision and Review Committee shall approve a subdivision plat if they find that the plat;

- 1) is consistent with the Comprehensive Plan and all other adopted plans and policies of the City Council;
- 2) is consistent with all approved plans for the site, including without limitation and general development plan, preliminary development plan, framework development plan, or site plan that has been approved in accordance with previously approved plans;
- 3) complies with the standards of the Subdivision Ordinance;
- 4) complies with the standards of the Zoning Ordinance; and
- 5) complies with all other applicable City regulations, subdivision plat checklist, standards and administrative procedures, including without limitation any requirements for the submission of a preliminary drainage report pursuant to Sec. 138-367(3).
- 6) Will not result in new burdens on the city's existing public facilities and services. If new burdens would occur, the development shall be responsible for mitigating such impacts through compliance with standards adopted by the city council. The standards will include fees calculated and imposed to provide adequate public facilities and services based upon objective criteria.

Subdivision plat applications that do not satisfy the review and approval criteria of this subsection shall be denied.
