Dear Mr. Kmiecik:

Thank you for your fifth submission, which we started to review on June 20, 2024. We have reviewed your plans and attached our comments along with this cover letter. The first section of our review highlights our major comments. The following sections contain more specific comments, including those received from other city departments and community members.

Please revise your previous work and resubmit your corrections. A decision date cannot be scheduled until further progress is made regarding the drainage resubmittal and another site Plan review.

Site Plan & Plat

- 7A. (Advisory Comment) Send in the updated Title Commitment to be dated within 30 calendar days of the plat approval date. (This Commitment should be submitted at the time of your final submittal of the electronic Plat for recording.)
- 7B. (Advisory Comment) Send in the Certificate of Taxes Due show they are paid in full up to and through the plat approval date of recording. Obtained from the County Treasurer's office. (This Certificate of Taxes should be submitted at the time of your final submittal of the electronic Plat for recording.)
- 7C. **Advisory Comment** Be advised - sometimes the margins or scale factor may not match the County or City standards as stated in the Subdivision Plat Checklist. If any of these factors are misaligned or scale does not match the drawing information, then this may cause the plat to be sent back and corrected and thus adding time to your submittal. And in turn, you may need to update the Title Commitment to bring it within the 30-day time limit. **Please check these items before sending the plat in for recording.**

- 7D. (typical) Add the distances and curve data of easement lines on both sides of a Lot or Tract line. Add the Lots and Blocks and the right of way as indicated. Make sure the easement names match between the Plat and Site Plan.
- 7E. Change Note #4 to be current. Add the verbiage to pages 4, 7 – 10. No comments on the Site Plan.
