To Whom It May Concern

In response to the corrections letter issued by your office on January 24, 2024 for the electric vehicle charger project at the Circle K located at 298 S Potomac St, we offer the following responses. Plans have also been adjusted slightly based upon newly received survey info. Revised drawings have been included with this resubmission.

**1. Planning**

1A – Understood

1B – Sheet has been removed

1C – A red cloud and delta 9 have been added to all new sheets

1D – Sheet C-2 has been eliminated, a red cloud and delta 9 have been added to sheet C-3

**2. Landscaping**

2A – The note has been changed to red font and has also been shortened the requested verbiage.

2B – The requested footnote has been added.

2C – Dimensional drawing of the transformer has been included on newly added sheet E-3. Dimensional drawing of the charging stations has been added to newly added sheet E-5

2D – Clouds and a delta 9 have been added around area of landscape updated per the EV plans. The requested footnote has also been added.

2E – Trees in compliance with the existing plan of record have been added to newly added sheet LS-1. Arborvitae have been replaced with lilacs and viburnums. The plant schedule on sheet LS-1 has been updated to reflect this change.

We hope these responses assist with your approval of this project.

Phillip J Jaminet  
Director of Engineering
