Hello Curtis,

The A-line impacting the access on the north side of SH 83 just west of the I-225 interchange will be modified by the City of Aurora pedestrian overpass, Project # 23594. The access is shown in the attachment and photo in this email that you previously provided.

The A-line will ultimately terminate at the eastern property line of the ped bridge touchdown parcel. The impacted access referenced above is allowed to continue to be used for both Fire protection and public use during this process.

Please let me know if you have any questions or concerns.  
Thank you,

**Kirk Allen**  
Manager  
Permits & Utilities Unit
