RE: Letter of Introduction
GEO Processing Center Minor Site Plan Amendment

To whom it may concern,

The GEO Group is planning modifications to the Aurora Processing Facility Annex #01. These modifications include adding automatic gate arms at the front entrance, fencing around a portion of the perimeter, and gates that at the drive aisles that will only close in case of civil unrest or riots.

These improvements are detailed in the site plan amendment drawings along side this letter and application. Scope includes furnish and install of chain link fence, decorative iron fence, decorative iron gates (always open, unless in case of civil unrest), and automatic gate arms at the entrance. Automatic gate arms to have two way speaker with push button for access, as well as keycard and pin access.
