Dear Ms. Glavas,

Thank you for your technical submission, which we started to process on October 18th, 2024. We have reviewed your plans and attached our comments along with this cover letter. The first section of our review highlights our major comments. The following sections contain more specific comments, including those received from other city departments and community members.

Since only minor comments remain, no further formal submittal will be required. Planning would ask that you coordinate with Land Development Services to address the remaining plat comments. Once the plat has been finalized we can proceed with the submittal and recordation of the site plan and plat mylars.

As always, if you have any comments or concerns, please let me know. I may be reached at 303-739-7209 or sgubrud@auroragov.org.

Sincerely,

A handwritten signature in cursive script that reads "Stephen Gubrud".

Advisory Comments

4A. Be advised - sometimes the margins or scale factor may not match the County or City standards as stated in the Subdivision Plat Checklist. If any of these factors are misaligned or the scale does not match the drawing information, then this may cause the plat to be sent back and corrected thus adding time to your submittal. And in turn, you may need to update the Title Commitment to bring it within the 30-day time limit. **Please check these items before sending the plat in for recording.**

4B. Send in the State Monument Records for the aliquot corners used in the plat.
